General advice

If inhaled If unconscious, place in recovery position and seek medical advice.

corrosion of the skin heal slowly and with difficulty.

In case of eye contact Small amounts splashed into eyes can cause irreversible tissue damage and

blindness. In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Continue rinsing eyes during transport to

hospital.

If swallowed Clean mouth with water and drink afterwards plenty of water. Keep

respiratory tract clear. Do NOT induce vomiting. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Take victim immediately to hospital.
