

## PRODUCT SPECIFICATION SHEET

### Hydrogen Peroxide 32%

Food Grade

Test	Specification
Color	Colorless
Boiling Point	107°C
Density	1.11 g/cm <sup>3</sup>
Solubility Information	Soluble in water, alcohol, and ether. Insoluble in petroleum Miscible with water, ether, alcohol, organic solvents and carboxylic esters. Immiscible with hydrocarbons and petroleum ether.
Formula Weight	34.02
Grade	ACS
Refractive Index	1.335
Vapor Pressure	23 hPa (17mm Hg) at 20°C
Physical Form	Liquid
Chemical Name or Material	Hydrogen peroxide

Appropriate/legal use of this product is the responsibility of the user.
