

# SAFETY DATA SHEET

Creation Date 22-Jun-2009

Revision Date 21-Jul-22

**Revision Number** 4

| 1. Identification   |  |  |  |  |
|---|--|--|--|--|
| Product Name  | Magnesium chloride, anhydrous  |  |  |  |
| Cat No. :   | C5015  |  |  |  |
| CAS-No<br>Synonyms  | 7786-30-3<br>No information available  |  |  |  |
| Recommended Use<br>Uses advised against   | Laboratory chemicals.<br>Not for food, drug, pesticide or biocidal product use |  |  |  |
| Details of the supplier of the safety   | data sheet   |  |  |  |
| <u>Company</u><br>Lab Alley LLC<br>22111 Highway 71 West, Suite 601<br>Spicewood, Texas 78669<br>Tel.: 512-668-9918 |  |  |  |  |

Emergency Telephone Number

Infotrac: 800-535-5053

2. Hazard(s) identification

#### Classification

Classification under 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Based on available data, the classification criteria are not met

1

Label Elements None required

Hazards not otherwise classified (HNOC) None identified

| 3. | Compos | ition/Inf | ormation | on I | ngredients |
|----|--------|-----------|----------|------|------------|
|    |        |           |          |      |            |

| Component          | CAS-No    | Weight % |
|--------------------|-----------|----------|
| Magnesium chloride | 7786-30-3 | >95      |

4. First-aid measures

| General Advice                      | If symptoms persist, call a physician. Show this safety data sheet to the doctor in attendance.                         |
|-------------------------------------|---|
| Eye Contact                         | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.         |
| Skin Contact                        | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur. |
| Inhalation                          | Move to fresh air. Get medical attention immediately if symptoms occur.   |
| Ingestion                           | Clean mouth with water and drink afterwards plenty of water. Get medical attention if symptoms occur.                   |
| Most important symptoms and effects | None reasonably foreseeable.  |
| Notes to Physician                  | Treat symptomatically   |
|                                     |   |

5. Fire-fighting measures

| Unsuitable Extinguishing Media | No information available |
|--------------------------------|--------------------------|
|                                |                          |

| Flash Point | No information available |
|-------------|--------------------------|
| Method -    | No information available |

# Autoignition Temperature Explosion Limits Upper No data available Lower No data available Sensitivity to Mechanical Impact No information available Sensitivity to Static Discharge No information available

Specific Hazards Arising from the Chemical

Reacts violently with water. Thermal decomposition can lead to release of irritating gases and vapors.

#### **Hazardous Combustion Products**

Magnesium oxides Hydrogen chloride gas

#### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

| NFPA<br>Health                                    | Flammability                                 | Instability   | Physical hazards   |  |  |  |  |
|---|--|---|--|--|--|--|--|
| I   | 0 1 N/A                                      |   |  |  |  |  |  |
|   | 6. Accidental re                             | lease measures  |  |  |  |  |  |
| Personal Precautions<br>Environmental Precautions |  | n. Use personal protective eq<br>o the environment. See Sectio  | uipment. Avoid dust formation.<br>n 12 for additional ecological |  |  |  |  |
| Methods for Containment and C<br>Up               | Clean Sweep up or vacuum up sp<br>formation. | billage and collect in suitable c                               | container for disposal. Avoid dust                               |  |  |  |  |
|   | 7. Handling                                  | and storage   |  |  |  |  |  |
| Handling  |  | equipment. Ensure adequate v<br>ith skin, eyes and clothing. Av | entilation. Avoid ingestion and oid dust formation.              |  |  |  |  |
| Storage   | Keep containers tightly closed atmosphere.   | sed in a dry, cool and well-ven                                 | tilated place. Store under an inert                              |  |  |  |  |

| 8. E                          | xposure controls / personal protection  |
|-------------------------------|---|
| Exposure Guidelines           | This product does not contain any hazardous materials with occupational exposure<br>limitsestablished by the region specific regulatory bodies.   |
| Engineering Measures          | Ensure that eyewash stations and safety showers are close to the workstation location.<br>Ensure adequate ventilation, especially in confined areas.  |
| Personal Protective Equipment |   |
| Eye/face Protection           | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166. Tightly fitting safety goggles.                                       |
| Skin and body protection      | Long sleeved clothing. Impervious gloves.   |
| Respiratory Protection        | Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced. |
| Hygiene Measures              | Handle in accordance with good industrial hygiene and safety practice. When using, do not eat, drink or smoke. Provide regular cleaning of equipment, work area and clothing.   |

9. Physical and chemical properties

| Physical State                         | Solid                        |
|--|------------------------------|
| Appearance                             | White                        |
| Odor                                   | Odorless                     |
| Odor Threshold                         | No information available     |
| рН                                     | No information available     |
| Melting Point/Range                    | 708 °C / 1306.4 °F           |
| Boiling Point/Range                    | 1412 °C/2573.6 °F @ 760 mmHg |
| Flash Point                            | No information available     |
| Evaporation Rate                       | Not applicable               |
| Flammability (solid,gas)               | No information available     |
| Flammability or explosive limits       |                              |
| Upper                                  | No data available            |
| Lower                                  | No data available            |
| Vapor Pressure                         | No information available     |
| Vapor Density                          | Not applicable               |
| Specific Gravity                       | No information available     |
| Solubility                             | Soluble in water             |
| Partition coefficient; n-octanol/water | No data available            |
| Autoignition Temperature               |                              |
| Decomposition Temperature              | No information available     |
| Viscosity                              | Not applicable               |
| Molecular Formula                      | CI2 Mg                       |
| Molecular Weight                       | 95.21                        |
|  |                              |

### 10. Stability and reactivity

| Reactive Hazard     | None known, based on information available   |
|---------------------|--|
| Stability           | Hygroscopic.   |
| Conditions to Avoid | Incompatible products. Excess heat. Avoid dust formation. Exposure to moist air or water. (When mixed with limited amount of water enough heat may be generated to cause |

|  |             | frothing).  | frothing).   |                       |            |                 |  |  |
|--|-------------|---|--|-----------------------|------------|-----------------|--|--|
| Incompatible Mater   | ials        | Strong oxidizing ag   | Strong oxidizing agents  |                       |            |                 |  |  |
| Hazardous Decomp   | osition Pro | ducts Magnesium oxides  | , Hydrogen d   | hloride gas           |            |                 |  |  |
| Hazardous Polymer  | ization     | Hazardous polyme  | rization does  | not occur.            |            |                 |  |  |
| -  |             |   |  |                       |            |                 |  |  |
| Hazardous Reaction   | ns          | None under norma  | None under normal processing. Reacts violently with water.                               |                       |            |                 |  |  |
|  |             | 11. Toxico  | logical  | information           |            |                 |  |  |
| Acute Toxicity   |             |   |  |                       |            |                 |  |  |
| Product Information<br>Component Information                       |             |   |  |                       |            |                 |  |  |
| Componer   |             | LD50 Oral   |  | LD50 Dermal           | LC50       | LC50 Inhalation |  |  |
|  |             | LD50 = 2800 mg/kg(F   | Rat)   | Not listed            |            | Not listed      |  |  |
| Toxicologically Syn<br>Products<br>Delayed and immed<br>Irritation | -           | No information ava<br>as well as chronic effe<br>May cause irritation | cts from sho   | rt and long-term expo | osure      |                 |  |  |

Legend: X - Listed

E - Indicates a substance that is the subject of a Section 5(e) Consent order under TSCA.

F - Indicates a substance that is the subject of a Section 5(f) Rule under TSCA.

N - Indicates a polymeric substance containing no free-radical initiator in its inventory name but is considered to cover the designated polymer made with any free-radical initiator regardless of the amount used.

P - Indicates a commenced PMN substance

R - Indicates a substance that is the subject of a Section 6 risk management rule under TSCA.

S - Indicates a substance that is identified in a proposed or final Significant New Use Rule

T - Indicates a substance that is the subject of a Section 4 test rule under TSCA.

XU - Indicates a substance exempt from reporting under the Inventory Update Rule, i.e. Partial Updating of the TSCA Inventory Data Base Production and Site Reports (40 CFR 710(B).

Y1 - Indicates an exempt polymer that has a number-average molecular weight of 1,000 or greater.

Y2 - Indicates an exempt polymer that is a polyester and is made only from reactants included in a specified list of low concern reactants that comprises one of the eligibility criteria for the exemption rule.
